A Train Runs Away from the Conductor.

The Rochester Union has the followevening last, at the house of Rev. J. V. ing: The first instance that ever came to evening last, at the house of Rev. J. V. our knowledge of a train running away and occasionally called at his house for a graphy of milk. One morning he came place, and the amount he received was on the Eric road, at Ayon. The morn-when the family were at breakiast. Mrs. about one hundred dollars, for which he ing train from this city stopped at Ayon Murray rose to wait upon him but the thanks the donors in a card in to-days to dine. While the conductor, brake- descen said to her 'wait tifl after breakman and some eight or ten passengers were at the table, the engineer took his dearen made some inquiries of the man signal to start from the wrong person, about his family and circumstances. Afand went on his way to Corning. As the train appreached Livonia the signal was given to break, but was not responthingles, doors, window sash and blinds ded to, and the train ran by the station. The engineer backed up and went back to see what was the matter.

He found the train was without conductor or brakeman. He received a telegram from the conductor that he was following with an engine, and waited accordingly. Misfortunes do not come singly. The engine, which the conductor had procured at Avon to convey himself and passengers to Livonia, broke rais Sher nan and Johnson, roomed at down soon after starting, and the party back into the yard again the deacon said. he Gajoso House in that city, on the had to return and get a carriage, with 20th of December The Appeal says the which they drove to Livonia. The result of the mishap was that the train reached Corning nearly three hours after poorest cow I've got!"

One of the passengers, who was left with the conductor cating his breakfast, had \$17,000 in a satchel which he had left in the car, and a lady had noney and valuables to the amount of over Sherman, Gen. Blair, Col Tayton, and \$2,000 in her satchel. These passes fore the war, though Johnston is the from anxiety when they secured their and put on cold. After it has become

Singular Accident.—As an express train was approaching Clinton, Connecticut, a few days ago, a low, annoyed by a small deg, da-hed on to the rails. When the train had passed the cow lay with her head cut off, and the little dog, with his forever, for august we know, if you don the little dog, with his scaled as often as it is bloody."

There it is "verbatim et literatim," and enough to discount of the estate of Erkiel D. Mo Domaid deceased, that he will make a final settlement of his administration of raid estate at the next February term of the Lincoln County Count, to be begun and held in Troy on Tuesday the 12th day of February 1860.

J. WINSTON SITTON, Adm'r.

the care for Cincinnati.

Mrs. Clark Martin, of Van Buren to motify three persons to leave the county, Iowa, learning of her husbard's insidelity, in connection with his sister-specific part of the president, their patience becoming exhausted, they had a meeting last Saturdayat the school house in the neighborhood of Mr. Story's, and appointed a committee of five to notify three persons to leave the neighborhood. This committee was infidelity, in connection with his sister- posed of some of the most substantial so continue until the barrel is nearly full

of dollars for a purpose to be known af-ter the nullion was raised! The people flocked in and paid five shillings on every fifty they subscribed. A large sum was thus collected when an advertisement was published, announcing that subscribers might have their deposits without any reduction, as the project of the directors was merely a trial to see how many fools they could make in one day.

their last, but they afterward nappends, to have a daughter and two sons, whom to have a daughter and two sons, whom they have named Addenda, Appendix, half a pint of flour and make a starch of the half a pint of flour and make a starch of it, and pour it into the whitewash while it, and pour it into the whitewash while up half a pint of lime and water, take cool, return it; and add new salt as the and Fourth. ST. LOUIS, MO.

Fire and Water Proof Cement-To half a pint of milk, put an equal quantity of vinegar to curdle it. Take only the whole together. When mixed, add sifted quicklime until it acquires the conlocation of a control of a mixed meanure, for which the father lad called him to account, when the following dialogue took place:

State of a coder of the County Court of a mixed path of a mixed sistence of a thick paste. With this, broken vessels, and cracks of all kinds may be mended. It dries quickly, and

sisted quicklime until it acquires the consistence of a thick paste. With this, broken vessels, and cracks of all kinds may be mended. It dries quickly, and resists the action of water, and a considerable degree of fire.

Frivolous Patents.

A specification has recently been filed at the English Patent Cffice for improvements in boiling eggs. This was shortly afterwards followed by a patent for a machine for removing the tops from eggs previous to cating them. A London paper says: "We hope next week to be as proving and green, or seared and withered in the constant of the payment of t ments in boiling eggs. This was short—
